

STANSBERRY ASSET MANAGEMENT

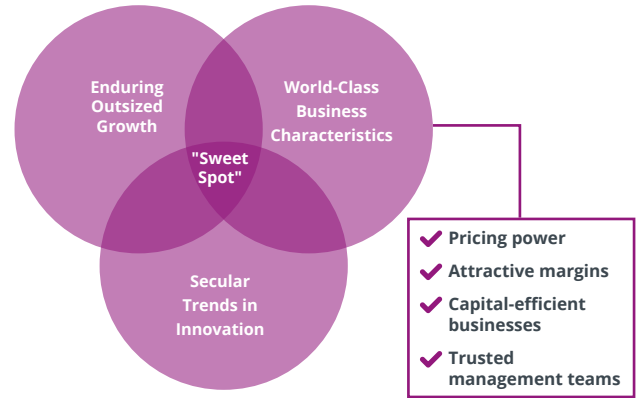

Venture Growth

What is Venture Growth?

The **Venture Growth portfolio strategy** offered by Stansberry Asset Management, LLC ("SAM") is designed for clients that want to have an emphasis on generating long-term capital appreciation above other investment goals.

SAM believes in the power of compounding – investing early in innovative, well-run, financially strong companies and then staying invested as they grow into even better companies is a key component to building life-changing wealth.

Investment Attributes:

Secular Trends in Innovation

Innovation is key to growth. Companies that embrace secular trends in innovation often help transform the way the world operates, while simultaneously producing attractive long-term investment returns.

Cloud computing growth	Advanced robotics	Mobile gaming & gambling
Clean energy & energy storage	Network-effects/ platform business growth	Cybersecurity
DNA sequencing, gene therapy/ editing & personalized medicine	Software-as-a-Service (SaaS)	Artificial intelligence & quantum computing
Blockchain technology	Social media & digital advertising	Augmented & virtual reality

Interested in Learning More?

SAM is an SEC-registered investment adviser. We have a fiduciary duty to our clients and invest assets on a discretionary basis using the core investment philosophies of Stansberry Research to guide investing decisions for clients with portfolios of \$500,000 or more. We blend investment ideas from Stansberry Research with our own to create holistic portfolios that are optimized to help our clients reach their unique financial goals.

Our aim is to be the best option for investors that value Stansberry Research and want to maintain that connection while working with a professional money management company. If you would like to learn more about SAM and our approach to investing, we'd be delighted to speak with you.

Inherent in an investment account managed by SAM is the potential for loss, and there can be no assurance that SAM or its various investment strategies will achieve its objectives or avoid significant losses.

Stansberry Research is a subscription-based publisher of financial information. Stansberry Research is not regulated by the Securities and Exchange Commission. Stansberry Research and SAM are overseen by different boards and are operated separately by different management teams.

SAM's management team is responsible for the investment decisions of SAM. The members of SAM's management team are not officers or editors of Stansberry Research and have no financial interest in Stansberry Research.

Porter Stansberry and the other writers at Stansberry Research are not personally involved in the day-to-day management of SAM or its investment advisory services, but some of them may choose to become clients of SAM.

Although SAM will utilize investment research published by Stansberry Research, SAM has no special or early access to such research. It receives information from Stansberry Research just like any other subscriber does – after the issues are published.

An arrangement exists under which Stansberry Research will be compensated by SAM for SAM's use of the "Stansberry" name, for marketing to Stansberry Research subscribers, and in certain instances if a reader enters into an investment advisory relationship with SAM. Additional information about this arrangement and Stansberry Research will be furnished upon request. 27839 0005 8970853 v1
